

## Get Away

What the hell am I goin' to do?  
God some days are so blue  
And I get so confused  
Everything makes me feel used  
Up is where I need to be  
Up is what will set me free  
Up is climbing up a tree; singing and laughing.  
Why the detour in the road?  
Why the weighted heavy load?  
Too many choices nowhere to go  
I spread myself thin; have nothing to show  
Up is where I need to be  
Up is what will set me free  
Up is going to the sea; singing and dancing.  
I've got to **get away**  
Really away  
Get away get away to return to today.  
Got to get that feeling back.  
Don't you know how it feels to be real?  
Come on! Sing a song! And get that feeling back
